

## <u>Avalon</u> **Case Tracking Software**

With Avalon CTS, you can be confident that you will have all of the information you need for your Traffic, Criminal and other types of cases. Avalon CTS will keep track of your client's case information, case history and the monies that are owed. It's multiuser, which means that everyone in your office can share the client and case information.

It fill outs and prints all of the paperwork for your clients and for the courts. It keeps track of all the court schedules and print the court schedule by date range and/or court location. Also print and/or email client disposition letters, in both English and Spanish.

If you want to add more features to the program we can add them for you. We'll customize it to your taste and/or to your company's needs.
